

## Eco Council Meeting Friday 7<sup>th</sup> October 2016

### Present

Miss Shaw	Learning Mentor	
Year 4	Levi	Florian
Year 5	Isabell	Mohamed
Year 6	Libor	Maya
Parent	Antonia Costin	
Apologies -	Mrs Koroma - Parent Year 3 Adetola & Sara	

### Agenda

#### **Pupil suggestions for Eco Action Things happening already**

- o Izzy agreed to act as secretary and write the notes of the meeting.
- o Welcome to Antonia as a parent eco councillor for this year.
- o Levi suggested painting a wall with plants, flowers. Others suggested this might have words and could involve the whole school. There are two possible walls that could be used. Miss Shaw will speak with Miss Connearn to see if this is possible.
- o Robert suggested we do some planting outside. Sara and Adetola had offered their suggestions before the meeting and would like to plant flowers and vegetables.
- o Izzy asked about a possible trip to look at things that were being done in other places and also to do some litter picking.
- o Mohamed suggested we could be involved in some activities planting or litter picking outside school. He was also interested in growing vegetables.
- o Miss Shaw informed the council that they had been given a very generous bag of mixed seeds by a visitor to the school and that she had also sent off for some free potato growing kits.
- o There was some discussion about how we would keep the rest of the school informed about what we are doing as the Eco Board had been reclaimed for another display. Antonia offered to create a book of flowers which children could look at. Miss Shaw suggested a display shelf so there could be things to touch as well as look at.

Next meeting after half term
