13th January 2021

Dear Parent/Carer,

I hope that you and your families are safe and well.

As you know the Government has allocated devices to schools so that they can be distributed to families without technology.

We have been allocated **22** devices. We have approximately 200 children. Therefore, we are unable to supply devices to every family. We would really like to supply everyone with a device but we simply do not have them.

We are in the process of allocating the devices we use in school. We do not have enough for every child but we will continue to try to supply what we can. These devices are on loan and must be returned to school at the end of lockdown.

If you do have a device at home, your child should be using Seesaw every day to complete their work and communicate with their teacher. There are also live Zoom lessons each week. Look out for the links which will be sent by text. The teachers will be checking the children's work every day.

All children who are not in school will receive a home learning pack weekly. Please ensure your child completes this work. Your child's teacher will also call weekly to talk to you and/or your child.

In the meantime, please contact school if you need support but please remember to be kind to the staff who are trying to help you.

As always, thank you for your continued support.

Yours sincerely,

Mrs A Flood

Deputy Head Teacher
